

# Map of Control State Jurisdictions

There's a lot of diversity in how state and local jurisdictions regulate wholesale alcohol sales—and many don't regulate sales at all.

While 17 states regulate some or all wholesale alcohol sales and 4 states have at least one local jurisdiction that regulates some or all sales, 29 states have no government control over wholesale alcohol sales.

## Control State Jurisdictions

-  States regulate some or all of wholesale alcoholic beverage sales
-  At least one local jurisdiction regulates some or all wholesale alcoholic beverage sales
